

NetVersant is proud to be the first and only fully authorized Value Added Reseller (VAR) for SYSTIMAX® SCS that serves all 50 states. This uniquely positions NetVersant to offer one point of contact for custom SYSTIMAX SCS turnkey network solutions in the markets you serve.

Market leaders naturally attract each other, which makes the NetVersant/SYSTIMAX SCS alliance a strong and formidable partnership. Together, NetVersant and SYSTIMAX SCS offer tremendous benefits for multiple-location customers.

from soup to nuts, we've got you covered

INDUSTRY-LEADING NETWORK INFRASTRUCTURE SOLUTIONS

Avaya's SYSTIMAX® SCS is the worldwide, industry-leading cabling solution, representing the ideal single network solution for a network, integrating voice, video and data, and even building controls on one network. NetVersant has a proven track record of utilizing SYSTIMAX SCS to design the complex infrastructure companies need to operate efficiently and effectively.

- **The GigaSPEED® XL Solution** exceeds Category 6/Class E standards in any channel up to 100m with six or fewer connectors.
- **LazrSPEED™** is the world's first multimode fiber optic solution to support 10 Gb/s serial transmission at 850 nanometers at distances up to 300 meters.
- **The SYSTIMAX PowerSUM Solution** delivers gigabit speeds with a PSNEXT performance margin of 5.5dB and exceeds the most stringent standards for bandwidth, loss and reliability testing.
- **The iPATCH™ Solution** integrates hardware and software to provide real-time, at-a-glance control of all telecom room connections.
- **The SYSTIMAX OptiSPEED™ Solution** provides certified gigabit performance with six LC connections. The 200MHz/km multimode fibers provide 25% more bandwidth than industry-standard 160MHz/km fibers.
- **Cabling Manager (CM)** reduces costs and time associated with moves, adds and changes, assists in quick recovery from network problems and optimizes the use of network resources.
- **Video Adapter Solutions** add full video capability to networks and, coupled with the GigaSPEED XL Solution, reduce bit error rates (BER) to near zero to deliver video transmissions with astonishing resolution and clarity.

NetVersant offers the key factors on your decision-making checklist:

- ✔ greater control
- ✔ efficiency
- ✔ reliability
- ✔ accuracy
- ✔ simplicity
- ✔ consistency
- ✔ uniformity
- ✔ national coverage
- ✔ industry-leading products

NETVERSANT FAST FACTS

fact: NetVersant today installs the largest number of SYSTIMAX Solutions in the United States.

fact: As the leading national provider of comprehensive and integrated network infrastructure solutions, NetVersant provides a complete range of voice, video and data communications services: Local and wide area network infrastructure, electronic security systems, wireless network installations and high-end telephony systems and applications.

fact: From planning and design, to installation and implementation, to certification and ongoing operational integrity, NetVersant develops innovative solutions that incorporate Avaya's industry-leading platforms.

DON'T DELAY, CALL TODAY

We invite you to put the NetVersant/SYSTIMAX SCS advantage working for your success. To learn more about NetVersant's VAR status for SYSTIMAX® SCS, geographic footprint and total outsourcing model, contact NetVersant today or visit our web site at www.netversant.com.
