

NetVersant is the nation's first Preferred National Partner for CPI products. This collaboration uniquely positions NetVersant to offer one point of contact for custom, high-quality CPI solutions.

Together, NetVersant, the premier company in the network infrastructure industry, and CPI, a leading manufacturer of network infrastructure products, offer tremendous benefits to customers across the United States.

## OPEN MOUNTING SYSTEMS

CPI is an innovative leader in designing open mounting systems, from racks to cable management solutions.

- 2- and 4-post rack designs
- extensive selection of vertical and horizontal cable management
- complete line of rack accessories including trays, shelves, and drawers
- enclosures, available with select racks, enhance security and create a cabinet effect
- available in a variety of styles and sizes

## ENCLOSED MOUNTING SOLUTIONS

CPI offers an extensive range of cabinet sizes and configurations in lightweight aluminum and cost-effective steel.

- aluminum construction for high-profile applications, available as knockdown for installations where pre-built cabinets are difficult to transport
- adjustable vertical mounting rails support heavy devices
- integrated vertical cable management systems
- a range of door styles, thermo-management and seismic-rated accessories

## CABLE PATHWAY PRODUCTS

Cable Pathway Products create a secure runway for data cables moving between racks, cabinets and other equipment areas.

- critical support and organization of cable bundles means easier moves, additions and changes of connections
- available in various colors to highlight intra-pathway direction
- tubular steel construction sets the standard for quality and value
- a full complement of accessories available

## WALL-MOUNT SOLUTIONS

CPI provides a wide range of products for mounting and securing equipment when floor space is at a premium. Importantly, CPI wall-mount solutions lead the industry in strength, rigidity and aesthetic design.

- fixed wall racks in a variety of sizes and capacities
- swing-gate racks won't flex at full-rated load
- wall-mounted cabinets ranging from 6 RMU to 26 RMU capacity and up to 200 pounds safe working load
